## CAT Financials

CAT is an educational charity working in Lehigh Valley, Pennsylvania, to encourage and enable healthier, more cost-effective and environmentally sound transportation options. Although our income has dropped dramatically during the recession, from over \$100,000 in 2008 to under \$50,000 in 2009, we continue to provide programs to improve walking, biking and public transportation in Lehigh and Northampton Counties. We are able to continue through the generosity of our members and the sacrifices of our staff and Cycling Instructors.
